26 Central Street
Middleton, MA 01949

Dear Ms. Cloonan and Ms. Cosco,

My sincere thank you to the students and parents of Middleton for their contribution in support of the students of the Northside School in Bogalusa, Louisiana.

Collectively, during the 2005/2006 academic year, we supported the Northside School in a number of ventures. Our tri-town communities, along with the Charles Stewart Mott Foundation and Childscapes of Marshfield, Massachusetts have impacted a school in need. I hope that the enclosed photos and correspondence from the principal "put a face" on the work that was done. Our playground initiative was the largest undertaking and will, hopefully, benefit the children of Bogalusa for years to come. Tri-town students should be proud of themselves. They have made a difference.

Sincerely,

Kerry L. Kaplon
